## What about the new audit committee member?

School Board vice Chair Lawrence Feldman, Ph.D. has named Marian L. Hasty as his new appointee on the ten-member audit committee. She is an estate planning, probate and marital family law attorney and practices in Coral Gables. Hasty has a B.S. degree from Florida State University, and a MBA and Law Degree from the University of Miami. The Watchdog Report wishes her luck on this new important volunteer oversight board, that is the community firewall for the District's \$4.3 billion yearly budget, and how that money is spent and accounted for.
